

1 you I'm an expert, but I am aware of the physics of the problem. There is a real
2 mixture of the health effects and that is the primary concern the City of Golden
3 has expressed. We are highly concerned and until somebody gives us
4 something that says, hey this is safe, that we really ought to avoid placing
5 towers this close to an established population. As you know we have people on
6 top of Lookout Mountain who may have higher levels of exposure, but we are
7 mainly concerned about our neighborhoods at the bottom of the mountain both
8 the Golden, the Tripp Ranch where Shelton Elementary School is and the
9 neighborhood on Mt. Zion further (inaudible) as having fairly high measured
10 levels here. And our concern largely was based on health considerations and if
11 you are not certain that these are absolutely safe for these folks, we would
12 recommend you putting them in a place where the dosages to the population
13 would be lower.

14 SHEEHAN: Well, we would be eager to have you annex these
15 towers into the City of Golden if you would like to handle that.

16 KETCHEN: My bet is if that happened, Golden would not grant
17 the use by right under any circumstances.

18 SHEEHAN: Well by that point we wouldn't care.

19 KETCHEN: Thank you.

20 SHEEHAN: Thank you. Mike, welcome.

21 BESTOR: Thanks mayor. I'm Mike Bestor, the City Manager of
22 the City of Golden. Work address 911 10th Street, Golden. My home address is
23 1041 North 4th Street in Golden. Just a couple of additions to what Mayor Pro-

1 Tem said is the Council did pass this resolution unanimously. All of Council is
2 very interested in this subject and in the interest of your time, they are not all
3 here asking for time to speak and so they sent the Mayor Pro-Tem and myself,
4 but Council is very concerned about this proposal. They've looked at it. And
5 this proposal, I think impacts Golden more than even the current situation by
6 moving the tower down the mountain and it's certainly more visible and we are
7 concerned of course about the health issue and about the impact to Golden.
8 We know that this is a very difficult decision for you. This takes tremendous
9 courage, but you have shown that many times in the past. You have made
10 many difficult decisions. Sometimes you've been wrong but your previous
11 decision on this one was not so we hope that you will reject this proposal, send
12 them back to the drawing board again and ask them for their approval and finally
13 having sat up there too many times as a resident of Jefferson County, I want to
14 thank you for all the work you are doing on this and for the way you conduct
15 these hearings. So please vote accordingly. Thank you.

16 SHEEHAN: Okay. And thank you the City of Golden. Appreciate
17 it. Okay. So Plan Jeffco ready? Okay is Plan Jeffco sworn in?

18 UNKNOWN: No.

19 SHEEHAN: No. Okay.

20 UNKNOWN: You provide a copy to the clerk. We'll make sure she
21 gets one. It's all right.

22 SHEEHAN: Okay, let's swear you in. Please raise your right
23 hand.
